THE NEXT HUMANITY

Brokenhearted Rejoicing

Started sobbing uncontrollably,
my friend's wife called to say
He passed away so suddenly,
left me hit hard dismayed
Had so much of brotherly love

Wished I was strong,
to give her sense to hold on to
Hope my falling apart showed
he was of a chosen few
We miss him so We know he knows

Broken-hearted Rejoicing through the day
Broken-hearted Rejoicing in every way

Next day was so astounding,
realized what had come on
Sadness no longer confounding,
the spirit knew where he's gone

Jesus descended for us,
now death's been destroyed
No ending that we can trust,
how can I help but be overjoyed

Broken-hearted (how can I be)
Rejoicing through the day
Broken-hearted
Broken-hearted and rejoicing
Overcome, overwhelmed overjoyed

Broken-hearted
the Father with my friend
Rejoicing through the loss
further, farther, forever
Broken-hearted
I can see broken hearts rejoicing
Rejoicing at the cross

Broken-hearted
Open hearted from broken hearted
Rejoicing through the day
Rejoicing someday we'll see you again
Rejoicing in every way

Good bye for now
Good bye my friend
My friend
There's no end
