THE NEXT HUMANITY

Everything is spiritual

Before the world took on
immense new meaning
(2000 years ago)
After all the things I clearly saw
... or think I had

In the workplace, out the door
the social research lab
Underneath, the invisible plot
of something interceding

During tragedies and agony
Amidst the chaos, there are miracles
See? Everything is spiritual

From the 3-D physical
To touch the material
Below the practiced rituals
About what we make habitual
In plain sight and subliminal

Everything is spiritual

Ahead you can state its fate or fake,
not factual
Follow giants in science
who deny the supernatural

Among Angels and Demons
Through out rhyme and reason
In my own way in it dying to live
Consumed by Christ spirit
Free from sin Losing to win

Before the world took on
immense new meaning
(2000 years ago)
After all the coincidences I connected
... or thought they were

In my action figure role
Armor of the Lord and the word
With my x-ray glasses
New perspective on the spirit life redeeming

Between the travesties and majesty
Our eccentric, eclectic individual
See? Everyone is spiritual

Around thinking G~D for intuition
Over ages, instinct, our ESP
Call it your soul or your spirit
It's your essence
It is all we'll eventually be

Everything is spiritual
Everything is spiritual
Everybody walkin' souls
Over my dead body
Truth be told

Everything is spiritual
Everything is spiritual
Everything is spiritual
Everything is spiritual

You, me everyone you see
You, me gaze on things unseen
You, me in His love we're free
I know it I feel it I see it I hear it
To show it reveal it to be in the spirit
Everything is spiritual
