THE NEXT HUMANITY

Foregiveness

As the victor, not the victim
Healing the hurting heart

Confessing it's been hard
To Love someone who'll oppose
I suppose someone's keeping score

But not by G-D,
So, find foregiveness
To Witness

Mistakes and every mess made
Inflicted hurt and pain
So many scars
Knowing each by name

Did He just ask to forgive
what's been done
Or foregive ahead,
for what's to come

To be at one with
Foregiveness

As the victor, not the victim
Foregiving who'll break your heart

Dealing with the pain
You may stop it passing down
Lift the burden
You will sooth somehow

Your vest is bullet proof

So, be a Witness
To foregiveness
