

Our Heart's Lost & Found

from the Musical

AS I RECALL FOREVER

An illuminating journey into belief in forever

THE NEXT HUMANITY

my daughter, my son,

When young
I lost a friend of mine
Moved away
Jack was nowhere I could find

Then my good friend
returned to me
You see
Jack came back
As another friend for me

Once I liked a lovely girl
Went away
To find her place in the world
Then she returned to my surprise
In your mother's eyes

It happens
We lose touch
With friends in our lives
Still feelings on the shelf don't hide
Somethings we will never lose
Bound within our heart's lost & found

Oh decades would pass by
Tracked Jack down
To find in time
Asked do you know
you were my best friend
He replied what do you mean
you were mine

It happens
We lose touch
With friends in our lives
Still Feelings on the shelf don't hide
Somethings we will never lose
Bound within our heart's lost & found

Someday
I'll be leaving you
Like with good friends
know what to do

I'll return to you so don't be down
in your heart's lost and found
